Maximum Wheelie Bar Length: 5”

(Measured from rear axle center line to wheelie bar axle center line)

3D Painted Interiors Required

No Metal bodies or parts that could damage the track

Glue: Light Drag Glue only

four car max track preference

Single elimination no buy backs

First is worse

NOTE: In the case of a red light and the competitor in the other lane must cross the finish line.

In the case of a red light and a DNF, the race will be re-run.

The DNF racer will be given five minutes to repair their car. The re-run will be made as soon as possible upon the conclusion of the five-minute repair period. If the DNF racer cannot make repairs in time for the re-run, the red-light car will be given the win and move to the next round

Rules are subject to change by NDRC with seven-day advance notice. If it doesn't say it's legal, it's not.
